The Nonprofit Speed Networking Spectacular

Come meet new people, exchange ideas, and develop relationships that could lead to collaborations, resource and knowledge sharing, help with problem solving, new board members, new jobs and more!

During this exciting quick-paced social event, you'll significantly grow your social and professional network and meet people from across the nonprofit spectrum through facilitated networking.

Fun and worry-free, speed networking pairs everyone up with questions to guide your brief conversation. Open to all those that work for or serve nonprofits, as well as those interested in getting involved in nonprofits.
